

Dear Animal Lover,

Great news...we are excited to inform you about the Beech Mountain Bark Park Project. The Town of Beech Mountain has agreed to permit the use of one-acre of land for a public, off-leash recreation area for dogs. The community, the Town of Beech Mountain and the Beech Mountain Club have all come together to make this great idea a reality. To complete Phase I of this project, we need to raise approximately \$10,000. We are hoping we can count on your support.

The Bark Park will be located at the far northeast corner of the "Kite Field". This beautiful, partially wooded acre of land has easy road access, is near a town trail and has plenty of parking. Phase I of the project includes installing a fence and the necessary amenities (i.e. waste stations and pick up bags) and we hope to complete this phase by the fall.

This effort will be funded entirely through the generosity of passionate citizens like you. Your donation will help pay for the installation and upkeep of fencing, waste stations, signage, and other physical materials at the dog park, in addition to services such as litter removal and grounds keeping when they become necessary. Admission will be free, though donations will also be accepted at the gate. The park will be staffed entirely by volunteers, so all the money we raise goes straight to our park.

A complete Beech Bark Park Project Sheet can be found online at the Beech Mountain Parks & Recreation department website. Just click on the Bark Park logo to find out all the details of this project. Additionally, copies of the proposed site plan are located at the Recreation Center.
